

Release Notes

	The ORPAdjustment would not process for certainprior periods because the systemviewed pay end date instead of check date. When BOR_PAY_CALEND end date was in a month prior to check date the system would return an error for the prior periodadjustment. Practitioners should nowe able to make prior period adjustments for the proper adjustment month.	
BOR_PR_OCHCK	Main Menu > BOR Menus > BOR Payroll > Common Remitter > Retirement ORP Processes > ORP Validation/Check Employees in the Optional Retirement Plan-Limited (ORPLM) The system was not forcing contribution rows that exceeded the IRS limit to run to error the process was modified so that contributions exceeding the IRS limit are correctly in error status. Practitioners should no longer have to manually review ORPLMT contributions that may exceed the IRS limits.
